ART AND CRAFT – BRAND INFORMATION

| Brand | Description |
|---|---|
| <p>Bockingford</p> | <p>Bockingford – A premium range of Artist’s Drawing/Sketching Paper; also fine art products such as Paintbrushes/Tools and Stretched Canvases. The Bockingford range is keenly sought after by art enthusiasts and junior artists alike and is renowned for its high quality materials.</p> |
|  | <p>Artworx – Artworx by Croxley offers a range of stylish, quality art and craft products that are priced with the value-conscious consumer in mind.</p> |

BOCKINGFORD CANVAS

Suitable for both Oil and Acrylics. 100% cotton duck. 13oz sized with quality acid free triple gesso priming. This properly seals and protects the canvas, while providing a receptive painting surface upon which you can expect to create an artwork that will last for many, many years.

The yarns are woven with two warp and one weft therefore producing a stable, medium weight canvas that is suitable for many different painting techniques, including heavy impasto (thick paint layers) work.

Bockingford canvas is stretched over sturdy 1.5" timber frames which are both stapled and glued in the corners. The timber used is a farmed resource, kiln dried fine paulownia wood, renowned for its warp resistant properties.

BOCKINGFORD BRUSHES

Brush Head – brush heads can be constructed in various shapes and types of bristle. There are three main groups – soft hair, bristle and synthetic.

Ferrule – this is the tapered metal tube which holds the brush hair filaments. Ferrules are made of different materials – aluminium, nickel, copper and nickel-plated; most are seamless and polished.

Crimping – multiple crimping ensures the handle is securely attached to the ferrule.

Handle – nicely shaped, tapered handle for easy and comfortable grip for any artist – different coloured handles for different ranges, all lacquered.

Size and Barcode – all brushes have the size and style printed on for easy reordering and are barcoded for scanning.

BOCKINGFORD BRUSHES – WHITE TAKLON SHORT HANDLE FLAT 5008 SERIES

High quality round Taklon fibre head on a short handle enables consistent, controlled strokes and fine line work. Suitable for use with acrylics, oil paints and watercolours.

Black powder-coated aluminium ferrules and black lacquered handle with gold tip.

MICADOR OIL PASTELS – SPECIALIST

The Metallic Pastels are blended with metallic pigments to provide a pearlescent finish. Colours can be mixed with turpentine to create unique colour finishes; excellent effect on black paper. The Fluorescent Pastels are blended with fluorescent pigments. Colours can be mixed with turpentine to create unique colour finishes; excellent effect on white paper. The Water Soluble Pastels have the qualities of oil pastels but are water soluble instead of turpentine soluble. This helps to create a watercolour effect.

227007 Metallic 12

227009 Water Soluble 12

MICADOR OIL PASTELS

High grade oil pastels. Available in a variety of vibrant, highly pigmented colours. Standard size pastels now come in great hangsell packaging. The 25 pack includes gold and silver. Regular size.

ARTWORX LITTLE KIDS RANGE

All Artworx Little Kids products are quality tested to be safe and suitable for children ages 2 and up. Certified non-toxic. Great value. Reliable quality.

Colouring and modelling are important parts of a child's creative development. This range is specially designed to make them easy for little hands to hold, but hard to break. Designed to teach motor skills, eye to hand co-ordination and colour recognition, they will assist in facilitating a young child's creative expression as they discover the joy of playing with colour.

Super jumbo crayons come in bright and vibrant colours and measure approx 14x110mm. Colour Mini Markers are easy to hold, have a broad tip and barrel and come with 'no push back' nibs that won't dry out within 7 days if caps left off. Modelling Clay is specially designed to be your child's first modelling product. It is soft and malleable and therefore easy for moulding. Artworx Little Kids Finger Paints are specially designed to be your child's first paints. The large jars make them easy to access. The colours are rich and vibrant. Have Fun!

296004 Finger Paint Pack 3

ARTWORX CHALK

Great value, reliable quality. Non-toxic. Manufactured from fine, heavy clay, the particles are too heavy to become airborne. Regular chalk measures approx 9x80mm, Jumbo chalk measures approx 24x99mm making them very easy to hold and ideal for thicker applications on blackboards or when creating school yard activities.
