VERBATIM BLU RAY

VERBATIM BLU RAY

Blu-ray Disc is the next-generation optical disc format that was developed to enable recording and playback of high-definition video (HD), as well as storing large amounts of data. A single layer can be used to record over 2 hours of HDTV. With the rapid growth of HDTV, Blu-ray will meet the consumer demand for recording HD programming and is expected to replace VCRs and DVD recorders over the coming years.
