CUSTOMISE YOUR CROXLEY ENVELOPES

Make sure your brand is the first thing your customer sees – let Croxley customise your envelopes!

The initial impact and brand acknowledgement is under valued when sending mail. Add your company logo, positioning statement and postal details for regular mail and add special advertising messaging during campaigns for everyone to see! All large New Zealand companies utilise this advertising opportunity, and understand the value of personalising envelopes as part of their brand and advertising strategies.

Contact our Team on 0-800-368 356 or email printedenvelopes@croxley.co.nz for a quote or to find out how to go about branding your envelopes.

Special envelopes – Croxley can manufacture and print specialised envelopes for business that you can't buy off the shelf. Special sizes and shapes, bold graphics, printed messages through the window and more. Contact our team via telephone or email above and we'll discuss your requirements with you.

DON'T STACK THEM TO STORE THEM!

Our Croxley envelopes don't like lying down on the job. Please keep them stored upright, in a dry place, and ensure stock is rotated. You may be interested to know... the ideal atmospheric conditions for handling and storing paper and envelopes are approximately 50% humidity and 21-22°C.

HOW TO SELECT THE RIGHT ENVELOPE

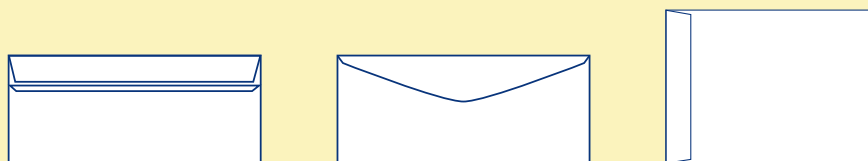

It's so easy to order the right envelope style for your business needs by following our simple guide below. We've explained the terminology in simple english to help you select the right envelope for the job over time.

Select the envelope size – refer to the paper guide below

Select the paper size you require, how many times you are folding it and then select the envelope size on the guide.

Select the envelope flap – refer to the diagrams below

- **Wallets** – the most commonly used. The flap runs parallel to the longest edge of the envelope, and has a rectangular shape flap.
- **Bankers** – opens along the longest edge of the envelope and has a V shape flap. Ideal for machine insertions.
- **Pockets** – opens on the envelope's short edge. These are designed for hand insertion.

Select the envelope seal

- **Seal-Easi (Self-Seal)** – lift bottom flap up and press the upper flap down and your envelope is sealed. Not used in mailhouses.
- **Peel & Seal** – lift flap, peel off silicone release tape, and press flap down.
- **Tropical Seal** – apply moisture to the flap either by machine or hand, press flap down and you have a secure seal. These are designed for mail-house use.

POSTAL RATES

A consideration for mailing are the postal rates. For the most common envelope sizes our guide will assist you in making the right decision.

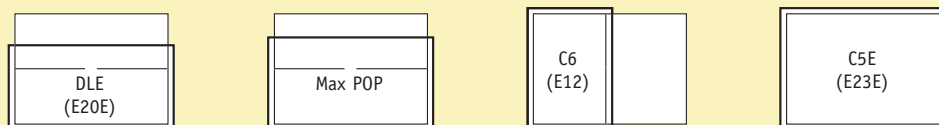

Envelope Type	Postal Rate
DLE, Max POP, C6, Cheque Mailer, E13 and DLEE	Medium Letter Rate (the most economic rate)
C5	Large Letter Rate
C4	Extra Large Letter Rate
E35	Oversize Letter Rate

PAPER AND POPULAR ENVELOPE SIZES

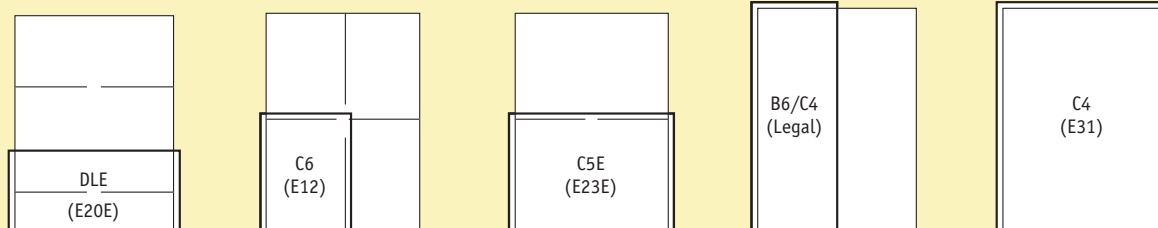

Here's a handy reference guide to help you select the exact envelope for your specific postings. For larger sized paper please refer to the envelope section of our catalogue which provides the dimensions of larger envelopes to select from.

Popular Croxley Envelope Sizes
