## VERBATIM CD-R LIGHTSCRIBE

LightScribe Direct Disc Labeling is a technology that offers a simple, no-hassle way to burn professional, silkscreen-quality labels onto CDs. Using the same laser that burns data in the disc drives, customers burn their data as always, flip the disc over, reinsert it into the drive and burn a precise and permanent iridescent label.

## VERBATIM DVD+R DOUBLE LAYER

Verbatim Double Layer Discs provide a massive 8.5GB (2.6GB for 8cm products) storage capacity. The double layer of recording has been made possible by the creation of a new substrate layer that sits in between each recording layer; this allows the laser beam to record on both layers.

## VERBATIM BLU RAY

### VERBATIM BLU RAY

Blu-ray Disc is the next-generation optical disc format that was developed to enable recording and playback of high-definition video (HD), as well as storing large amounts of data. A single layer can be used to record over 2 hours of HDTV. With the rapid growth of HDTV, Blu-ray will meet the consumer demand for recording HD programming and is expected to replace VCRs and DVD recorders over the coming years.

## VERBATIM USB CLIP-IT FLASH DRIVES

The award winning Verbatim Clip-it USB Drive is the first USB that can also be used as a paperclip. It combines flash storages with the simple functionality of a paperclip, making it a practical solution for daily business or private users. It's not your traditional flash drive and only weighs 1.2g and only 2.35mm thick. It's resistant to everyday handling, dust, water and static discharge. Available in a variety of fun, vibrant colours.

## VERBATIM USB AUDIO FLASH DRIVES

Verbatim's Audio USB Drive is especially designed for use in car stereos & allows access to your digital music collection on any USB-equipped car audio player. No bigger than a \$1 coin, the drive is barely noticeable & features a low-profile design that won't protrude from your dashboard and won't block other controls. This USB drive can also be used in any computer or gadget with a USB 2.0 port.
